MEMORANDUM FOR ALL PERSONNEL

FROM: 109AW/CC

SUBJECT: 109AW Environmental Commitment Statement

Reference: AFPD90-8 "Environmental, Safety & Occupational Health Management and Risk Management", dated 23 December 2019

1. The 109AW and all tenants of Stratton Air National Guard Base are committed to being environmentally responsible. We will conduct our missions with an eye toward protecting human health, natural resources, and the environment. We will comply with all applicable federal, state and local environmental laws and regulations, Executive Orders, and US Air Force instructions applicable to our missions. This commitment goes beyond mere compliance with the law. We will strive for continual improvement in our environmental performance and integrate sound environmental practices into our daily decisions and activities.
2. In our pursuit of responsible, environmental stewardship we will:
 - a. Promote conservation and sustainable use of natural and man-made materials;
 - b. Minimize and strive to prevent environmental pollution and waste in all our activities and design processes, with particular emphasis on preventing storm water pollution and protecting the Schenectady Aquifer system;
 - c. Make sure all policies, programs, and missions reflect our environmental concern;
 - d. Provide environmental information to 109AW leadership;
 - e. Set goals, review progress, and achieve continuous improvements in environmental performance above regulatory and legislative requirements; and
 - f. Promote waste reduction and prevent environmental pollution.
3. Compliance with this commitment statement is mandatory for all personnel on Stratton Air National Guard Base, in accordance with our roles and responsibilities as Airmen, a tenant organization, or contracted activity.
